

In the heart of downtown Amman and with a price tag of \$1.5 billion, and covering a total surface area of 350,000 m<sup>2</sup>, the Abdali Urban Regeneration Project is arguably the largest construction effort Jordan has witnessed to date.

Abdali shopping mall is planned to be the largest mall and shopping center in Jordan.

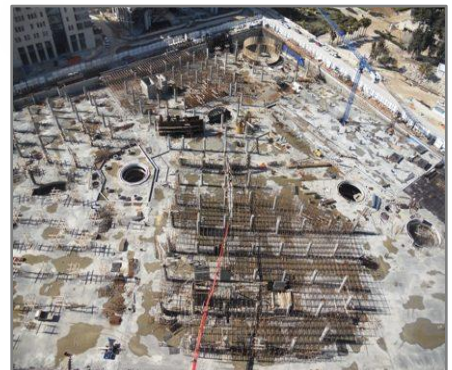

Abdali District will create the city's first central business district, in the sense of a homogenous area of fully equipped, technologically advanced, state-of-the-art commercial buildings.

Abdali Mall itself is over 1,500 Tons of Post-Tensioned strand that is subcontracted to Freyssinet Jordan with a built-up area of 223,000m<sup>2</sup>, contract awarded to Habash-Deir Contracting Company.

## New structures
