

**FREYSSINET**  
SUSTAINABLE TECHNOLOGY

The Millennium Hotel Amman is a striking presence in the heart of the city's commercial center. With rooms and suites offering magnificent uninterrupted views of Amman, this 5-star luxury oasis is the perfect place for the discerning business- and leisure lifestyle guest. The hotel is situated in Shmeisanni district, next to shopping centers, art galleries and entertainment facilities, all within easy walking distance.

Freyssinet Jordan scope of work was to design, supply and supervision of the Hotel post tension slabs (4B+M+14) with a total area of 15,000 m<sup>2</sup> and approximately 50 tons of mono strands 3B13 systems.
